Guidelines for Young People Attending Spring '22 ZUMIX Programming

We want to keep you safe! To ensure that our whole community has a smooth return to seeing each other face to face, it will take each of us committing to Covid health guidelines from the CDC and State of MA. We appreciate your proactive communication to ensure we can provide a welcoming space during this time of pandemic.

What to expect when you come into ZUMIX:

- Participants and visitors are asked to enter through the front door on Sumner St. and exit through our side door on Orleans St.
- Each program space within ZUMIX will maintain a room capacity to ensure 6 foot spacing between participants. Capacities are noted on the doors of each room.
- Face masks, fully covering the nose and mouth, will be required upon entrance and at all times when participating in ZUMIX programs, indoors and outdoors. We will expect all instrumentalists to wear a mask, unless they are actively playing an instrument that requires removing it.
- We will ask that you use hand sanitizer or wash your hands upon coming inside, before touching equipment and instruments.
- Surfaces in program spaces will be sanitized between classes.
- The front stairs will be utilized for going up. The rear stairs will be utilized for going down.
- Young people are encouraged to bring their own instruments, where possible. Shared instruments and tools will be cleaned after each session.
